

INTERPRETER SKILLS DEVELOPMENT

Elite Services 4 You English<>Spanish Interpreters Skills Development training course provides all participants with the necessary tools and opportunities to learn and develop effective interpreting techniques. Upon completion of this training, participants will be able to apply what they learned and provide effective interpretation and interaction between the Limited English Proficient (LEP) patients, parents, community members and more!

The Interpreter Skills Development Training covers the following areas of Interpretation:

- Basic Interpreting Skills
- Roles and Functions of an Interpreter
- Responsibilities of an Interpreter
- Ethics, Standards and Protocols
- Modes of Interpretation
- Interpreter Code of Ethics and Professional Conduct and much more!

I bring over 15+ years of on-site Interpreting experience and as a previous agency owner, I know exactly what it takes to be a professional interpreter and I understand exactly what our customers want and need of a “Professional Interpreter”.

Training presentation includes Q&A, quizzes, class discussions and role playing exercises. Training is designed to reinforce learning and help them with their interpreting techniques.

This one-day course is open to all participants who currently provide interpreting or for new “Potential Interpreters”. This course is designed to help all bilingual interpreters in any language pair. The training content, presentation and exercises are presented and provided in English. All participants will receive printed information including course outline, and additional tools and information. Upon completion of this training, each participant will receive a certificate of completion.
